

F. H. A. Loans Available in Palm Springs

FHA insured loans, at only 5% interest, with a maximum of 5½% interest on unpaid balances only, including all carrying charges, insurance premium and taxes in the stipulated monthly payments, are available in Palm Springs. This means that any person having a regular income and sufficient money for a small down payment, can have a home of his own in Palm Springs.

Although the maximum of 90 percent will not be loaned and terms up to the maximum of 25 years are not available here, it still means that money at 5% interest is available for modernization or new construction of single-family residences up to \$16,000, and multi-family or group housing up to \$5,000,000.

It is believed the usual loan here will be 70% of the appraised value of the house and lot and that the payments can be spread over a period of 15 years.

The newly-amended and liberalized Federal Housing Act is expected to stimulate construction of homes in Palm Springs. Local realtors, building contractors and building material dealers have outlined provisions of the act in a large advertisement published on pages 6 and 7 of this issue. They request prospective home-builders to investigate further.

School Path To Protect Children

School children living on the Indian reservation, who constitute 62 percent of the children attending the Palm Springs school, will no longer be subjected to the hazards of traffic on Indian Avenue, thanks to the work of Chairman George Oliver and his Safety Committee of the Lions Club.

Mr. Oliver and his committee have raised a fund of \$135, which will be used to construct a sidewalk on the east side of Indian avenue from Alejo Road to Andreas Road, which is connected with the school by a guarded cross walk. The children thus will only cross the busy street once, and then under protection of a guard.

Cooperation of supply dealers and the Indians has been secured in the venture. The Builders Supply Company is supplying all the needed clay, rock and gravel free of charge and Indians under the direction of H. H. Quackenbush will do the work, receiving their regular standard wages. Work will begin Monday.

The walk will be four feet wide, and will be separated from the street by a stone wall about 15 or 18 inches high. The clay and gravel, after being rolled, forms a dustless, mudless hard surface, and becomes a splendid walk.

The fund to pay the labor came from the following sources: Lions Club, \$25; Chamber of Commerce, \$25; Junior Chamber, \$25; Friendly Aid Committee, \$25; anonymous donor, \$10. More money can be used to further protect school children on the streets. Donations, in any amounts, will be cheerfully accepted by the Lions Club committee. It has been suggested that parents of the children living on the reservation make donations, even as small as 50 cents, indicating their support of the safety campaign. Crossing guards are on duty daily protecting the children as they cross either Palm Canyon Drive or Indian Avenue.

Interesting Donations At Desert Museum

Mrs. Willie Marcus donated two jars of preserved barrel cactus buds to the Desert Museum this week. The buds taste very much like asparagus, and are a very nutritious food. Barrel cactus buds constituted a very important part of the desert Indians' menu before the white man came along and introduced his food.

CHAMBER MEETS TUESDAY

The regular monthly meeting of the Chamber of Commerce will be held Tuesday evening in the school auditorium. A full attendance is desired.

Would Cost \$41,152 To Move Gas Tank

It would cost the Southern California Gas Company \$41,152 to move the gas tank, place it on its side and partially submerge it, as requested by the Chamber of Commerce committee, officials of the gas company reported to the committee yesterday noon.

The gas company officials, Harry L. Masser, executive vice-president; T. J. Reynolds, vice-president and general counsel; F. M. Banks, vice-president; and H. C. McAllister, division manager, met with the local committee, Raymond Cree, Philip Boyd, A. F. Hicks, and President Harold Hicks of the Chamber of Commerce, at Deep Well Ranch yesterday noon.

The gas men had a large portfolio filled with engineering data. They stated they are willing to spend some money to remedy the situation, but could not afford to go as far as the committee requested. The Palm Springs committee stated yesterday afternoon they are confident that late this spring a definite program of improvement will take place at the gas tank three miles northwest of town and that the gas company will spend a substantial sum in order to comply as far as they can with the desires of Palm Springs citizens.

The company officials brought along bids of two companies who estimated costs for them. The Pacific Crane & Rigging Company had submitted the following figures:

Lowering and moving the holder 575 feet to the proposed new location and there placing it in a horizontal position, \$14,500; bracing inside the tank to keep it from buckling, \$7,500; road work, piping and contingencies, \$3,540; excavation and concrete-lined pit, \$15,612; total, \$41,152.

To keep the tank vertical and lowering it into a concrete-lined pit at the present location would cost \$33,500, their figures showed.

To place it in a horizontal position at the present location would cost \$25,000, as follows: Lowering, \$12,000; foundation and steel work, \$5,500; internal bracing, \$7,500.

The estimates of a stucco building concealing the tank at the present location ranged from \$8,500 to \$13,850.

The local committee gave no reply to the gas company officials, but stated they would submit the matter to the Palm Springs citizens. It will probably be discussed at the Chamber of Commerce meeting Tuesday evening.

Airplane Victim Had Visited Here

Lord Terence Conyngham Plunket, 35-year-old member of the Irish Parliament, and his wife, Lady Plunket, lady-in-waiting to Queen Elizabeth of England and daughter of actress Fanny Ward, who were killed instantly last night at San Simeon when a private airplane in which they rode crashed and burned, were visitors in Palm Springs last week.

Pilot Tex Phillips, thrown clear of the wreckage, also died when the ship he sought to guide into the fog-bound airport at William Randolph Hearst's seacoast ranch smashed to earth a mile south of the landing field.

Only one of the four to escape instant death, James Lawrence, 34-year-old son of Sir Walter Lawrence of London, suffered serious burns and a broken leg. He was taken to the San Luis Obispo Sanitarium, where surgeons said his condition is serious.

From Los Angeles are Mr. and Mrs. Nat Cohn. Mr. and Mrs. Hugo Anderer of the Hotel Mayfair, and G. Gilchrist of Pasadena, Palm Springs Hotel.

Bruce McCormick, L. A. Fireman, Shoots a Nifty 135 to Win the Palm Springs Third Annual Golf Tournament

The famous Lou Daro awarding the trophy, which he donated, to Judge C. A. Gale of Oakland, winner of the Senior's contest, at the Desert Golf Course last Saturday. W. A. Collins of Ontario tied Judge Gale's 71, and will therefore also receive a trophy from Daro, like the one shown in the photo. At the right, back of Daro, is Milton Hicks of the tournament committee, selecting the trophies to be awarded.—Frank Partridge photo.

Shoots One Under Par But Fails to Equal Last Year's Winner

Bruce McCormick, a Los Angeles fireman, present national links champion, won first place in Palm Springs' Third Annual Golf Tournament at O'Donnell's Desert Golf Course last week-end. He made a 67 on Saturday, 68 on Sunday, total 135, one under par.

His total was one stroke over Jack Gaines' winning score of last year's tournament, but was three strokes better than Gaines could do this year.

This year's victor is one who proved himself a champion in competition. Looking over the returns shows that Bruce McCormick tied for the lead at the end of the first day, then dropping a stroke to par and also to Pardee Erdman began the final nine with five straight 3's and then from there in he coasted.

Jack Gaines, last year's winner, could not get his stride. He said his putting cost him the tournament. "Just couldn't stroke a putt," was all he said. He thoroughly enjoyed the event and would be back next year.

Now let's look over the score of C. P. Erdman, Pasadena preacher, who finished 3rd, playing well the first 18 and with a par 34 he led the field by one stroke. Playing a short distance in front of McCormick he kept looking back to see how Bruce was scoring, and failing to concentrate on his own game, he began to drop strokes to par. Then on the final two holes he really collapsed. Taking a bogie 6 on number he went skyhigh with a seven on the easy final holes.

Don Erickson, former public links champion, blew his chances when he took something like an 8 on number 6 hole.

Judge C. A. Gale, who two days before won the Seniors championship, played very well and for his two-day total of 70-72-142 he won the event for those with 8 or worst handicap. The total returns show over 160 entries.

Of all the different events, the Seniors championship attracted and (Continued On Page Four)

Horse Show At Field Club Tomorrow

"Horses, horses—curraazy over horses!" is the Palm Springs theme song this week-end, for the entire populace is absorbed in the third annual Hunter Trials and Horse Show now holding forth at the Field Club.

With the hunter trials fading into memory this afternoon, and the glamorous Horse Show Ball this (Friday) evening leaving the starry trail of a brilliant sky-rocket of gay music and bright lights, attention is focused on the stately and traditional events of the Horse Show tomorrow (Saturday) afternoon.

A new record is set for a one-day Horse Show, with 13 classes competing on Saturday. Opening time for the show is 1 p. m., with the exciting jumpers contest as a curtain-raiser. In rapid succession three-gaited and five-gaited saddle horses, polo ponies, stock and harness horses, hunters—all will go through their paces for judging by Don Reavis.

Palm Springs equine stars will vie with blue-bloods from all over California for a glittering array of silver trophies and cash awards. Of particular local interest is a special di-

Death Summons Mrs. Robert H. Evans

Death claimed Mrs. Robert H. Evans of Palm Springs Tuesday evening at the St. Bernardine hospital in San Bernardino after an illness of two months. Mrs. Evans, who has resided in the beautiful winter home of the Evans on Merita Del Sur during the past four winters, was taken to the hospital on December 23 to undergo a major operation.

Mr. Evans went to the hospital daily to be with his wife, and less than an hour before her death he received a telephone call to come to her at once. With a state motorcycle officer as escort to clear the way, he made the trip in a short time. Mrs. Evans recognized her husband, asked to kiss him good-bye, and gently fell asleep.

Funeral services were held this afternoon at 2 o'clock in Santa Monica. Survivors are Mr. Evans, living in Palm Springs, and a sister in the East.

Palm Springs To Go Western On Circus Week

"Don't go sum place els to git cheet-ed, kum in heer."

"Looz yur shoot'in irons outside, this is a jail."

"Doe Yank, Dentist."

"No one allowed on the dance floor with hob nail boots or spurs on. Please check your guns at the ticket office."

"We do awful good printin'."

"When you get that grub steak, kum in here to buy your grub."

"Don't bring your horse in the house, tie it outside."

Signs like these will be seen on the windows of the business houses during Desert Circus week, March 10-17, when Palm Springs will be a typical western frontier town.

The Lions Club decorating committee, headed by Dr. Franz Burger, has undertaken the task to induce every business establishment, which includes all shops, hotels and apartment houses, to decorate their windows in old fashioned western style, depicting the days of '49. The committee will spend approximately \$750 for decorations and prizes, and to raise this fund they will ask each person in business to pay \$5.00 toward the fund. For this \$5.00 the store will get the services of a painter to paint some original sign on the window, green and orange Desert Circus flags and banners, and the services of workmen who will put up and take down the decorations and storage of same.

Ben (Shorty) Wade, a commercial sign painter and cartoonist, will paint most of the window signs. He will be assisted by Jack Dempsey of the Acoma Indian Shop, and Edward Voss, artist of Smoke Tree Ranch.

Cash prizes of \$15, \$10, and \$5 will be given for the three best decorated windows, and the same amounts for the homes, best decorated in true western style. Residents are asked to enter into the spirit of the thing by placing old skulls, wagon wheels, saddles, drinking troughs and other relics of the old days in their yards.

Fred Wade and Elaine Flavin have charge of the school children who are getting up ideas for the window signs and window displays.

The signs will be painted on the outside of the windows with show card water colors, which can be easily washed off. The inside decorations are left solely in the hands of the merchants, who may have the services of the idea-makers.

Large placards will be provided for (Continued On Page Six)

Plaza Fiesta Next Friday And Saturday

A two-day demonstration of "How to Give to Charity and Have Fun About It" in one easy lesson will be given next Friday and Saturday at the Plaza Fiesta, with Mrs. Ted Griffith and Mrs. Robert Ransom heading the faculty.

Various diversions, characterized generally by delightful insanity, have been planned for the benefit of Palm Springs' Friendly Aid Society, and script negotiable for each and every event is now on sale up and down the street under the leadership of Professor Ralph Nesmith.

The small fry will have their fling in the opening events of the Fiesta, a Junior Play Festival Parade at 9 a. m. Friday, followed by competitive events of a strenuous nature at the Field Club. The Fiesta will get under way with a cocktail party of unique nature at 5:45 p. m., when a hardy pioneer returns from Mount San Jacinto with a shaker full of snow. He will start his race with a swim across the Racquet Club pool, proceeding then to the mountain playground by motor, and presenting his findings with a fanfare at the Plaza at the scheduled time. Identity of the racer is not certain.

Booths and concessions will open at 6 p. m., and from 7 to 8 p. m. Hopi (Continued On Page Seven)

Merchants Asked Not To Park on Main Street

A check-up on Palm Canyon Drive this week disclosed that a number of cars belonging to proprietors and employees of business establishments were parked most of the day on Palm Canyon Drive, causing customers to park double and thus receive traffic violation tickets.

The most aggravating cases were those where employees of some establishments parked their cars in front of their competitors' stores. The merchants themselves are the losers when they take up the parking space which should be reserved for shoppers.

Tom Joy, Local Visitor, Killed In Plane Crash

Thomas B. Joy, 21-year-old son of Mrs. Richard Joy, prominent winter guests at the Desert Inn, was killed instantly Wednesday when his monoplane went into a spin and crashed near Clover Field, Santa Monica. In the plane with young Joy, who with the son of the late Richard Joy, secretary-treasurer of the Packard Motor Car Company, Grosse Pointe, Mich., was James Clark, 21, of Pasadena.

Joy, who was a student at the Ryan Air School in San Diego, shut off the motor but was unable to right the craft before crashing; he had attempted to fly through a hole in the fog. He had come from San Diego to visit his mother at the Desert Inn over the week-end and had just had luncheon with his former Culver Military Academy schoolmate, Oscar Boettcher, Jr., in Santa Monica, before returning to San Diego.

Mrs. Richard Joy, with her son and daughter-in-law, Mr. and Mrs. Richard P. Joy, Jr., are leaving for Grosse Pointe to attend the funeral and will return to the Desert Inn next week.

Chuck Morrisons Return From Eastern Trip

The smiling faces of Lee and Chuck Morrison are again in evidence here and Chuck's big yellow super-charged Auburn is again conspicuous on the streets, for the Morrisons have returned from a month's trip to the East, where they visited with Mrs. Morrison's mother, Mrs. A. H. Burroughs, in New York City. They also visited friends in Chicago and Dallas, Texas. The Morrison palatial home in Las Palmas will be the scene of many gay parties during the balance of the season.

Hillery Visited By Alaskans; Tells of 23 Years Spent in Icy Northern Possession

W. R. Hillery, prominent Cathedral City real estate broker who spent 23 years of his life in Alaska where he was a banker and mayor of Cordova, was visited this week by three couples from that cold, northern U. S. Possession.

On Wednesday of this week Roy J. DeLeo, assistant superintendent of the Copper River and Northwestern Railway, the Guggenheim line that runs from Cordova to the Kennecott mine, and Mrs. DeLeo of Cordova, called to see Mr. Hillery. They were accompanied by Mr. and Mrs. Fred Glasbrenner. Mr. Glasbrenner is president of the Northern Meat Co. Hillery had met and became well acquainted with the DeLeos and Glasbrenners when he was in business in Cordova.

Also on Tuesday Mr. Hillery had visitors from Alaska. They were Mr. and Mrs. George Kennedy of Anchorage, returning home from Detroit, Michigan, where they had purchased a new automobile. The Kennedys are enjoying their honeymoon in the States.

Kennedy, a prominent hardware man at Anchorage, is the son of Sergeant Dan Kennedy, deceased, of the U. S. Army, the man who hoisted the American flag at Sitka in 1867, when the U. S. formally took over Alaska from Russia, following the completion of the negotiations by Secretary of State William H. Seward, for the purchase of Alaska. Following the expiration of his enlistment, Dan Kennedy married the daughter of the Russian priest of Sitka, for many of the Russian priests in Alaska were married men.

Hillery knew the elder Dan Kennedy and was associated in several small business ventures with his son, George Kennedy, at Cordova.

George Kennedy did not know that Mr. Hillery lived at Cathedral City and called on him quite by accident. As he and Mrs. Kennedy were driving along the state highway through Cathedral City, he quite by chance saw the sign on the front of Mr. Hillery's real estate office. Recognizing the name as he passed, he slammed on the brakes and backed up to the office. Mrs. Kennedy said that she didn't know what had happened, the way her husband stopped the car, climbed out, and ran into the office at the side of the road. She had not recognized the name as she had never met Mr. Hillery.

W. R. Hillery is thoroughly acquainted with life in Alaska. Though born in California, he made his first trip to Alaska in 1899 when yet a youth in high school at Everett, Washington. He spent 23 years in the northern possession, living in various Alaskan coastal cities and during which time he spent 13 years with the White Pass and Yukon Route Railroad and Steamship Co. He served as purser on the British-Yukon boats, and for five years was paymaster and cashier for the

company. Hillery was with the Bank of Alaska for three years, during which time he established the Cordova branch of that bank. He was associated with Kennedy in the Hillery-Scott Company, a fish cannery. He also took an active part in civic matters there, served as mayor of Cordova during the war, was a member of the city council at Skagway, and served on the Grand Jury at Juneau, the capital.

When asked if he would like to return to Alaska to live, Mr. Hillery said that he would like to return there on a visit, but that he would rather live on the local desert than anywhere else in the world.

Weekly Report Of Associates

The executive committee of the Palm Springs Associates issued the following weekly report last Sunday:

"Capacity business is reported by Palm Springs business during the past two weeks, and advance hotel reservations indicate that Palm Springs will continue to enjoy good times for the next two months.

"Do you wonder: 'Why spend Associates' money when already we are enjoying capacity business?'

"Desmonds' president Ralph Huesman, one of the most astute business men on the Coast, says: 'Palm Springs must keep the fire engine polished in smooth running order, because you never know when a fire will break out.' Now is the time our publicity department can tell the world of the nationally famous figures who are wintering here, about interesting activity and perfect weather. This is the best advertising we can get for next season, the best guarantee against a 'recession slump.'

"We hope you saw the full page of golf pictures in Saturday's Herald, also the many featured stories in the Times and Examiner during the week.

"Statistics: Check over these figures which show graphically the activity of your Associates Publicity Bureau: '260 society items to home-town papers throughout the country.

"200 mimeographed stories on horse show sent to newspapers.

"200 mimeographed stories on Golf Tournament sent to papers.

"130 pages of original stories sent exclusively to 50 major publications; releases totaling 32,500 words.

"30 pictures, an average of one a day, were syndicated. 60 clippings received to date from Eastern papers prove that Palm Springs news is reaching a wide audience.

"Horse Show and Hunters Trails: 114 horses from the nation's finest stables have been entered in the third Annual Hunters Trails and Horse Show to be held this Friday and Saturday at the Field Club. Climate Here Best For Arthritis and Nerve Disorders

While medical men everywhere recognize the health-giving qualities of Palm Springs climate, local people are a bit unappreciative of these virtues in the opinion of Dr. Maurice L. Lachman, prominent Palm Springs chiropractic physician.

"All of us here enjoy the sunshine and desert quiet but we are not all aware of the far-spreading fame of Palm Springs climate as a curative for arthritis and nervous exhaustion," Dr. Lachman pointed out.

Specializing in work of this type, Dr. Lachman has recently added to his extensive equipment at his suite of offices on North Palm Canyon Drive. His newest medical aid is cold quartz for oral treatment of sinus and throat. It is an ultra violet treatment.

Dr. Lachman utilizes diathermy and short waves, ultra violet rays in both forms, infra red, electric cabinets and gestral colonic treatments in this work. This is his third season in Palm Springs. During the summer months, Dr. Lachman and his family reside in Santa Fe, New Mexico.

Practising for twenty years, Dr. Lachman formerly was located for many years in Burlingame, California where he had an extensive practice.

Society Folk Here For Golf Tournament

McCormick Wins Golf Tourney

(Continued From Page One)

almost stole the show. Starting off with a record entry of 132, the event was a record one. This event, in which the importance of the golf has been overshadowed by the more intangible qualities of good fellowship and tradition, was conducted with the aid of the Seniors Association of Southern California. S. Danby, its president, sent out personal invitations to all the Seniors asking them to participate and help make it a real success. By the way it might be mentioned that the last year's champion, A. K. Bourne, is also a member of that association and that it was they who got behind it.

At the end of the day Judge C. A. Gale of Oakland and W. A. Collins of Ontario tied for the Lou Daro cup. There was no playoff as Mr. Collins had to leave before the finish. The committee in charge then took the matter up with Mr. Daro in regards to who should get the trophy. Rather than disappoint either player, Daro gave each of them a trophy.

In the second division, class 57-61 years of age, the pace was set by Judge Ralph H. Clock of Palm Springs and Long Beach. Second in this event was won by A. K. Bourne.

The third division was led by W. A. Collins with a gross of 71, second by S. D. Sewall, Calgary, Ontario, with a 77.

H. W. Dorsett of Palm Springs won the low net prize and received a tozalong bag for his day's work. Among the other net awards or winners were J. F. Sweeney of Cleveland, Ohio; Geo. Straith, of Vancouver, B. C. and F. Hand of San Gabriel, L. A. Total paid entries in all events were over 250.

After the championship one usually expects a lull, but not at the Desert Golf Club. The following morning there was so much interest in golf that the management had to stop issuing green-fee tickets. Starting time was put into effect at noon, and the play has been a record. Those desiring to play must get starting time and regulate their playing to the time they get.

John Montague, who is now listed as one of the stars of golf, is here for a vacation of at least two weeks. He plans to get back into the groove and timing that made him famous. Playing the last few days in company with Jim McAllister, J. E. French, Milt Hicks and George Howard, Monty has been as long as usual, but a little unsteady around the green. 2-Mile Parade Promised for Desert Circus

Latest news from the Desert Circus planners seems to take the form of a little advance bragging. Last year's parade was a mile long, but this year's retinue of comic, extravagant, and fantastic floats on March 17th will be at least two miles, according to certain conservative circus workers.

Leading up to the eventful parade and circus will be a week of strict law enforcement. Eighteen good men and true will be appointed as deputy sheriffs for the period, with orders to arrest on sight anyone not garbed in Indian or Western attire. The traditional Kangaroo Court will be more thorough than ever, and conspicuous in its civic duties.

The Western Fashion Show which opens Circus Week will have more beautiful models, smarter styles, and a bigger audience, with Melba Bennett at the helm. It is scheduled for March 10th at the Desert Inn.

Another modest informant estimates that more tickets will be sold, more people will come to Palm Springs, and greater glory will be heaped upon Col. Henry Hoagland and the Field Club than ever before.

From the social front, bigger and better parties loom, with more fun, frolics, and festivities than at any similar period in Palm Springs history.

Hard at work to fulfill the ballyhoo of enthusiastic supporters are Col. Hoagland, Harry Hanbury, whose job is the Kangaroo Court, Tony Burke and his Grand Parade worries, Hobart Garlick—prizes and awards haunt his dreams—and Ray Wilson, director of ticket-selling.

Bob Ransom has the task of inciting unusual decorative effects from village merchants. Hearsay mutters that even the decorations will surpass in originality and appropriateness those of former years.

In the words of one of the anonymous boosters, "Good! It's got to be good! It's a unique carnival, a combination of the ultra-smart and the hog-wild, and people come from all over the country just to see it. I've lived in Palm Springs 20 years man and boy, and I wouldn't miss the Desert Circus for all the Japs in China!"

Famous Woman Flyer Flies to Palm Springs

One of the countries most prominent young flyers, Helen Richey of Pittsburgh, Pa., arrived in Palm Springs last Monday morning piloting one of a group of six planes that flew here on a pleasure jaunt from the Municipal Airport at Los Angeles; all were members of the well known "California Flyers Club." In the plane with Miss Richey was Miss Willie May Carson of Hollywood. They arrived in time to have breakfast at the Desert Inn with Mr. and Mrs. Randolph Cristie of Beverly Hills. Miss Richey is the only woman to co-pilot on a regular air mail carrier ship and came out as co-pilot with Amelia A. Earhart in the Bendix Air Derby of 1935.

Admiral Becomes Weather Prophet

Don Admiral, naturalist, lecturer, and director of the Desert Museum in the Plaza, took a chance at weather forecasting this week. He promised a New York lady that the weather would be clear 25 out of the next 30 days, so the lady made reservations to remain another month at a local hotel and told Don she would do something for the museum if his prediction proved correct. "That was my first attempt at weather forecasting," Don said, "so I haven't any reputation, as a forecaster, to lose."

Lou Daro Offers Montague \$25,000 To Become Wrestler

Lou Daro, world-famous show-man and wrestling promoter, and John Montague, noted amateur golfer, figured prominently on the Desert Golf Course and other big news this week, when Daro offered Montague \$25,000 to become a wrestler, for which Daro was to receive 50 per cent of Montague's earnings. The latter refused the offer, holding out for \$50,000.

Daro has promoted some of the outstanding sports events of the country, among them the ski jumps at the Los Angeles Coliseum, which will occur next Sunday. He told a Desert Sun reporter yesterday that 80,000 spectators are expected to witness the ski jumps from a slide 165 feet high.

While with the Barnum & Bailey Circus in 1932, Daro brought the famous ski jumper, Harold Christenson, from Denmark, and built a ski slide from the roof of Madison Square Garden in New York City. Christenson jumped there twice daily for two and a half months. He jumped 125 feet high and 50 feet horizontally.

Daro likes Palm Springs so well that he will make this his permanent home.

Cocktail Party at Smart New Club Is Enjoyable Affair

The members and guests of the swank new Palm Springs Tennis Club so enjoyed the cocktail party last Thursday afternoon that the frolicking continued until nearly midnight.

Following cocktails, dancing was enjoyed on the porches of the club house, which were enclosed by awnings to ward off the evening chill.

Enjoying the afternoon and evening with the hosts, Phil Ormsby, Fred Le Blond, Jr., and Les Stoefer were many villagers and visitors including the Freeman Gossens, the Johnny Mack Browns, Townsend Netcher, the George Whitneys, Mr. and Mrs. Karl De Laittre, Mr. and Mrs. A. K. Bourne, the Al Gardners, the Wm. Gargans, Miss Glenda Farrell, Lew Ayres, the Earl Coffmans, Mrs. Nellie N. Coffman, Mr. and Mrs. Warren Pinney, the George Robersons, Hobart Garlick, Mrs. Agnes Vance, Mrs. Harry Ham-bury, Miss Vera Waterman, Dutch Smith, Miss Marjorie Hopper, Mickey Riley, the Wests, and many others.

Another recent affair at the smart Tennis Club was the luncheon given in the cocktail lounge last Sunday afternoon by Mrs. Karl De Laittre of Minneapolis for fourteen guests.

Desert Furniture Co. Reports Large Shipping Business

Edward Waskow, manager of the popular new Desert Furniture Co., Inc., reports that his firm is shipping a considerable amount of furniture to various states in the Middle West and East.

Mr. Waskow states that the "Coronado" Early California furniture and the "El Patio" Sun furniture, the out-of-doors furniture on the heavy wooden wheels, seems to be most in demand for Eastern and Mid-western shipment.

It seems that many of the winter guests in the village when passing up and down Palm Canyon Drive see the bright and colorful display of beautiful out-of-doors furniture on the lawn in front of the Desert Furniture Co., Inc., and are attracted by this display to stop and look around. Inside they see the cheerful array of light-colored early California furniture, which they are also attracted to inspect. Many of these people are intrigued by the display and purchase some of this furniture to ship to their homes.

One visitor, a former guest at El Mirador Hotel, wrote Mr. Waskow from England, requesting that a catalogue be sent her.

Phil Quaglino Announces One Week Beauty Event For Village Pharmacy

Phil Quaglino, genial manager of the Village Pharmacy, reports that starting tomorrow, Saturday, Feb. 26, and continuing for only one week, a representative from the Doraldina Cosmetic Laboratories will be at the Village Pharmacy to demonstrate the famous Doraldina line of cosmetics.

Another feature of the week at the Village Pharmacy will be the attractive offer on the well known Doraldina Skin Food, a rich lubricating cream noted for its fine, hand-beaten texture. During the time that the demonstrator is here this fine cream will be on sale at just one-half the regular price.

It is claimed that Doraldina Skin Food is a marvelous aid to wind and weather-chapped skin.

Chicagoans at P. S. Hotel

Among prominent Easterners who have been enjoying the desert sunshine recently as guests of the Palm Springs Hotel were Mr. and Mrs. E. Hartung of Chicago. Mr. Hartung is manager and vice-president of Dr. Scholl Foot Comfort Shops. Visiting with the Hartungs were Mr. and Mrs. Don McAfee of Grand Rapids, Michigan.

Also from Chicago and enjoying a lengthier stay are Mr. and Mrs. Simon Mayer and Richard Mayer. Mr. Mayer recently returned to Chicago in connection with his business interests in the Continental Grain Company. Just returning to Chicago were Mr. and Mrs. Harry Corman, who have enjoyed a month on the desert.

From San Francisco are Miss Sophie Kahn and Mr. and Mrs. Bianchini with their son; Mr. and Mrs. Calvin M. Orr are registered from Oakland and eagerly planning to enjoy their third stay of the season.

Junior Archery Association

Director, Joe Rode; coach, Walt Bunker. Meeting place: Sport Deck, every Thursday at 3:30.

This week's sponsor: Lions Club of Palm Springs.

Like stalwarts of yore, the members of this newly organized club are pulling bow-strings in friendly but keen competition. Under the able tutelage of expert Walt Bunker, the archers are developing in both form and ability. It is interesting to note the psychological change in the youngsters. From high-strung, non-responsive boys these periods of instruction and competition have gradually transformed them into self-possessed and efficient boys.

This week's contest unfolded new "Robin Hoods" in the making. The shooting was so close, Coach Bunker was compelled to have a "test" round to determine the winner. Richard Madison contested 25-25 rounds emerged the victor with a 50 point score. John Word, one of the club's foremost archers, finished in runner-up position with 38 points.

He was closely pressed by other men, namely: Art Weil with 33 points; Leon Parma, 29; Bob Bell, 27; Billy McGuire, 25; Jack Pendery, 21; and numerous others.

By virtue of his high scoring in the fourth weekly archery meet, Richard Madison takes the lead of the "Robin Hoods" with a score of 109 points. His title is at stake with John Ward holding 102 points. These leaders hold a fair but not safe lead over John Baldwin with 87 points; Leon Parma, 76; Art Weil, 73; Billy McGuire, 44; Bob Bell, 33; Richard Lachman, 33; Roal Jackson, 26; Don Omlin, 25; David Bixby, 24; Chuck Waldron, 21; Jack Pendery, 21; Fred Galvan, 15; Chent, 15; Dale DeWitt, 15; Art Jones, 14; Bill Seaton, 13; Harry Whitney, 13; John Outcault, 13; Terry Hixon, 13; Bob Smith, 11; Wayne Jones, 11; James Partridge, 9; Lawrence Kennedy, 7; Billy Littell, 9; Ernest Hogan, 6; Terry Hatch, 4; J. C. Kalpen, 2; Junior Thompson, 2; and Paul Wright also pulled a bowstring.

This archery association like the rifle club springs from a nucleus of Cub Scouts, of whom Mr. Rode is the leader. Inasmuch as the use of equipment and instruction is free to the boys, he would appreciate hearing from individuals or service clubs who would like to join in this recreational program. He may be contacted at the Hotel del Tahquitz, where he is swimming instructor, or through post office drawer "R."

those establishments that do not have display windows, and the signs will be painted on these cards, which can be tacked onto posts, fences, or walls. A committee of Lions, dressed like bandits, will start their work tonight and expect to call on every merchant in town until all have agreed to decorate.

The sign painters and decorators will start March 5 and expect to complete their work by the 9th.

The theatres will be asked to show the most ancient western and slapstick comedy pictures that can be obtained during circus week.

Cooperation of the public is asked in submitting ideas for stores, hotels and homes. These should be mailed to Dr. Buerger, P. O. Box 247, not later than March 3.

Sketches of some of the proposed signs are on display at the Bank of America.

On March 10th, Circus Week, will open with a bang, and heralding the seven days of community celebration will be the Western Fashion Show luncheon, to be given on the Desert Inn grounds on that date.

The guests are warned that unless they appear in suitable western attire the ever-vigilant deputies of the infamous Kangaroo Court are likely to nab them. The Court will be in session on the spot, and additional entertainment will be matchless impersonations by localities of localities, as well as of national and motion picture celebrities. Some of these are reported to be definite revelations.

It is expected that various notorious village characters will be present, in spite of strenuous efforts which will be made to keep them out. Altogether, it is an event not to be missed, as those who attended last year's luncheon will attest.

Tickets for the event are on sale at Deep Well and Smoke Tree ranches, El Mirador, The Oasis and the Desert Inn, or they may be had direct from ticket headquarters at Store Fifteen, in the Plaza. Telephone 6111.

Mr. and Mrs. Roy Rowland visited from Beverly Hills and also Mrs. Jesse B. Nixon and Mr. and Mrs. Mortie Guteman.

FHA 5% INTEREST LOAN For PALM SPRINGS

The Federal Housing Administration program under the amended law, signed by President Roosevelt on Thursday, February 3, 1938, is designed to assist families of moderate means to obtain adequate and decent housing on the most favorable terms in the history of the country.

In the language of the Senate Banking and Currency Committee, it is intended "to utilize the best available means for achieving a sustained long term residential construction program with a minimum expenditure of federal funds and a maximum reliance upon private business enterprise."

It deals solely with projects and mortgages that are considered economically sound. It is designed to be largely self-sustaining through the operation of a federal mortgage insurance system which has been carefully established and successfully operated since 1924.

The Housing Administration is authorized to insure a total of \$2,000,000,000 outstanding at any one time and with the approval of the President this amount may be increased to \$3,000,000,000.

Small Homes Financing

The total maximum annual carrying charge for the FHA insured mortgage on which a commitment is issued hereafter be one-fourth of one per cent, making the total annual carrying charge to the borrower five and one-half per cent.

This will include five per cent interest and one-half of one per cent mortgage insurance premium. In the case of newly constructed homes securing mortgages not exceeding \$5400 and meeting certain other conditions the premium rate will be five and one-fourth per cent.

The insurance premium in the future will be based upon the outstanding balance instead of the original face value of the mortgage as provided in the old law.

Elimination of the annual service charge and the reduced cost of the mortgage insurance will represent a maximum saving of approximately one per cent per annum to home builders and buyers on newly constructed houses carrying mortgages of \$5400 or less. On all other insurable mortgages the saving will be approximately three-fourths of one per cent per annum.

On newly constructed houses appraised at \$6,000 or less, the minimum permissible down payment or equity requirement will be reduced from twenty per cent to ten per cent. Thus, on a \$6,000 newly constructed house, the minimum down payment would be \$600 and the maximum insurable mortgage would be \$5400, representing ninety per cent of the appraised value.

On newly constructed houses appraised at \$10,000 or less, the insurable limit will be ninety per cent of the appraised value up to \$6,000 plus eighty per cent of the appraised value above \$6,000. For example, on a newly constructed \$10,000 house the minimum down payment would be \$1400 and the insurable mortgage limit would be \$8600. On all other homes housing from one to four families, the insurable mortgage limit will remain at eighty per cent of the appraisal value, but not in excess of \$16,000 under any circumstances.

In Palm Springs the maximum loan probably will be 70 per cent of the full value of the house and lot and the maximum term 15 or 20 years. However, it means that the interest will not exceed 5½ per cent including mortgage insurance premium and that taxes and insurance on the building are paid by the lending agency throughout the period of the loan and are included in the regular stipulated payments. These payments are usually much less than the rent would be.

Multi-Family and Group Housing

Under the amended law, the multi-family and group housing program is divided into two main parts, one designed to promote construction of large scale projects covered by mortgages up to \$5,000,000 and the other to encourage building of smaller developments covered by mortgages ranging from \$16,000 to \$200,000.

An important feature of the new program is the provision for insuring mortgages not only on multi-family structures, but also upon developments consisting of single family houses. Under this provision it will be possible for developers to obtain blanket mortgage financing, including funds advanced for construction, on groups of single family houses and then sell them on convenient payment plans or rent them as they see fit.

The regulations will permit partial releases from the blanket mortgage as separate properties are sold.

The Federal Housing Administration will insure mortgages up to 80 per cent of the appraised value of projects provided that, in the case of large scale developments constructed under Section 207, the amount of the mortgage may not exceed \$1350 per room, and in the case of the smaller developments built under Section 210, the mortgage may not exceed \$1150 per room.

The maximum interest rate which lending institutions will be permitted to charge will be 4½ per cent on mortgages insured under Section 207 and 5 per cent on mortgages insured under Section 210.

The mortgage insurance premium will be charged at the

The maximum interest rate which lending institutions will be permitted to charge will be 4½ per cent on mortgages insured under Section 207 and 5 per cent on mortgages insured under Section 210.

The mortgage insurance premium will be charged at the

rate of one-half of one per cent annually on the outstanding principal of the mortgage.

The multi-family and group housing operations will be carried on separately from the small homes program designed primarily for individual ownership. A separate insuring fund of \$1,000,000 has been set aside out of appraisal fees collected by the Federal Housing Administration during the past three years.

The Federal Housing Administration large scale housing program is aimed primarily to promote the construction of housing facilities for wage earning and salaried families who by preference or necessity live in rented dwellings.

At the same time the program provides exceptional opportunities for sound investment. This is true for two principal reasons. First, the relative breadth of the rental market, and second, the planning and construction of the project.

Modernization and Repair Program

Persons, partnerships and corporations are eligible to borrow money under the modernization and repair credit plan. The borrower must have an assured income, demonstrate his ability to repay the loan, and own the property to be improved or have a lease on it running at least six months longer than the term of the loan.

Amounts up to \$10,000 may be borrowed to repair or improve existing structures and amounts up to \$2500 may be borrowed for the erection of new structures on lots having an excess of 7500 square feet of area.

Repayment of the loans may be spread over a period not to exceed five years for modernization and repair work and not to exceed ten years for the erection of new structures for residential use.

If the loan is made for the purpose of building a new home, security will be required in the form of a mortgage or deed of trust covering the property improved. In addition, there will be certain general construction requirements which will assist in protecting the investment of the home owner.

The provision for these new homes costing not in excess of \$2500 under Title I should not be confused with the plan of home ownership sponsored under Title II of the Act. The facilities afforded under Title I are intended primarily for those citizens who live in rural areas or in the marginal zone surrounding the larger cities where the standards established by the mutual mortgage insurance system are not applicable.

Further authentic information concerning the National Housing Act, as amended, may be obtained by any person, at any time, by addressing the Federal Housing Administration, 756 South Spring Street, Los Angeles.

DOINGS OF THE PALM SPRINGS

Vice-president Al Gardiner presided over the regular weekly luncheon meeting of the Palm Springs Lions Club, Thursday, with Lion Barney Hinkle acting as chairman of the day.

Hinkle introduced Attorney Herbert Mass of New York City, who delivered a very fine address on "The Effect of the New Deal Upon the Stock Market."

In his address Mr. Mass charged that the Securities and Exchange Commission is interfering with the smooth working of the stock market. He explained that by its complexity the act defeats its own purpose.

"A good law poorly applied," is the way Attorney Mass described the Securities Exchange Act which was aimed to regulate the stock market. The law was needed to protect the market and the investors, but it has resulted in the filing of such complicated documents that it would require a Philadelphia lawyer and a couple of dozen accountants to make them understandable. "It isn't what they did when they passed the law, but the way they did it, that made a shambles of Wall Street," he said. "What is happening today in Wall Street is just as bad as what happened during the jazz period before 1929."

He concluded his talk by admonishing his hearers, "Don't be a bear on the good old U.S.A."

Mr. Mass predicted that the U. S. will eventually come out of the present business recession, and that it will see prosperity equaling and even surpassing that of the 1920's. He expressed great confidence in the U. S. A. and in its future.

About the snappiest and slickest program the Lions Club has had for a long time was presented by John J. Heffernan yesterday noon. He presented Lloyd Simon with a seeing-eye dog that hadn't had its eyes open more than a few weeks, but mama dog came in soon after and claimed her offspring. John sang some rousing songs and led the club in singing a stirring melody. He hammered out the accompaniment on the piano for the singing.

Another fine entertainment feature of the meeting Thursday was the semi-classical music rendered by two excellent entertainers from the Palm Springs Hotel—a violinist and a pianist. This entertainment was furnished through the courtesy of Lion George Foldes of the Palm Springs Hotel.

The "Ikes" captained by Ralph "Fine 'Em" Nesmith, won the ticket selling contest, so the "Mikes," captained by George Oliver, had to pay for the winners' lunches at the meeting Thursday. However, the winners were fined one-half the amount that they usually pay for their lunch. It all comes down to the old saying, "you can't win."

At the end of the first three weeks of the attendance contest, Clarence Hyde's team led by a very slim margin; by only 3 per cent to be exact. However, after the meeting Thursday, Bill Atkin's team is now leading Hyde's team. "He who laughs last, laughs best."

The club's plans for window and street decorations during the Desert Circus are well formulated. The Lions Club has taken over the task of decorating Palm Canyon Drive and the hotels and apartment houses. Prizes will be awarded by the club for the best decorated establishments, and the entrance fees are now being collected. The club is working to insure cooperation among all individuals and merchants in decorating and dressing for the occasion. There will be a meeting of the contest committee in charge of decorations at 7:30 tonight in the office of Dr. Franz B. Buerger.

The club has enjoyed quite a number of guests at each meeting lately. They have entered into the spirit of the meetings and have been very welcome. The guests have represented many different states and towns.

Lloyd Simon has an excellent system that usually nets a goodly sum to the charity fund or the blind fund. He invites his wealthy friends to be his guests at the Lions luncheons, and then has them fined, and incidentally always gets himself fined. Last Thursday he brought A. L. Leeds and J. C. Leeds, president and secretary-treasurer of the Manhattan Shirt Company of New York; L. C. Brown, retired San Francisco capitalist; and Herbert H. Maas, New York attorney. They all graciously peeled greenbacks out of their purses when Lloyd asked the tail-twister to wait on them.

Incidentally, give this reporter one guess and he can tell you who contributed the \$10 to the safety committee for the school children; but he won't tell.

Want a lion steak or sandwich? A member of the El Monte Lions Club asked the local boys to attend their annual Lions' dinner at Gay's Lion Farm, where they actually eat lion meat—no foolin'. Three years ago 15000 attended the first dinner there, and large numbers of Lions from all parts have feasted there on barbecued lion meat and thus became lion-hearted, or lions with the women. Those who don't want lion meat may have pork or beef—but lion meat is better than chicken, or just plain cat, it is said.

The club cleared \$95 from its presentation of the Ben Bard Players at the Plaza Theatre the latter part of last week. This \$95 goes into the club's Blind Fund, and will go towards the purchase of a seeing-eye dog for some unfortunate person.

Dr. Buerger said his decorating committee would pledge \$15 towards the purchase of the seeing-dog. Thus, it is anticipated that the \$150 needed to purchase the dog for some blind person will soon be in hand.

PLAZA FIESTA

(Continued From First Page)

Indian dancers will demonstrate their art for the edification of Fiesta frequenters.

A special racing classic, a chuckawalla derby, will get under way at 8 p. m. Duration of the event depends on the efficacy of the prodding of race-directors, as the lizard is uncertain as to speed.

Nitwit entertainment takes the floor with the "Kiddle Car Race—first heat" at 8:15, and a white elephant sale directed by "Pop" Gorham, in which an article of guaranteed undesirability will be raffled off.

From 8:30 p. m. until far into the night, square dances, Virginia reels, and very likely, the "Big Apple," will hold sway to the music of a cowboy band and a Spanish orchestra.

Saturday's events start off bright and early at 10 a. m. with a children's pet show in the north patio of the Plaza. Walter Bunker is arranging the affair, and promises an incomparable array of prized animals. At 1 p. m. a Desert Style Show and luncheon brings forth local beauties in appropriate Palm Springs garb, with Marian Fulford directing the show. Reservations for the luncheon may be made by telephoning Mrs. Fulford at 4461.

Booths in the Plaza will open at 1:30. The Indian dancers perform another stunt from 6:30 to 7:30 p. m., and at 7:30, another epic of the race-track will take place. At that hour, a flashy saw horse handicap will get under way, with some of Palm Springs' most skilled equestrians jockeying the fractious beasts.

The final heat of the kiddle car race will thrill the spectators at 8:00 p. m. and dancing gets under way at 8:15. A cacophony of trumpets will announce the imperial entrance of the King and Queen of the Fiesta. Although the royal couple were appointed by a secret member of a secret committee appointed by a secret committee, those in the know whisper that the identity of the pair will be in harmony with the dignified atmosphere of the Fiesta.

Meanwhile, Palm Springers will be given an opportunity to test their psychic ability in a contest to guess the identity of the rulers. A billboard will be erected in Patterson's Drug Store, on which will be recorded guesses of village gamblers. A \$20.00 prize has been offered for the highly intelligent individual who hits the bell twice, with \$5.00 going to the person able to name one of the rulers correctly.

Another Famous Player To Be Associated With P. S. Tennis Club

Joe Hunt is to be associated with the new Palm Springs Tennis Club, Phil Ormsby announced this week. Hunt will spend about five days a week here entering into club activities, purely in a non-professional way. He is the country's fourth ranking player.

Mr. and Mrs. Goodner of Seattle, Washington, are registered; Mr. and Mrs. I. A. Clayton, of the Hotel Utah, Salt Lake City, Utah; Mrs. Lillian Slayton of Oakland. Mr. and Mrs. Orrin O. Leach have also enjoyed their usual seasonal stay on the desert.

PALM SPRINGS THEATRE

MYRNA LOY AND TONE TOGETHER FOR FIRST TIME

An ultra-modern story of a four-sided romance, "Man-Proof," now playing at the Palm Springs Theatre with a stellar cast headed by Myrna Loy, Franchot Tone, Rosalind Russell and Walter Pidgeon.

Famous for her portrayals as the ideal American wife, Miss Loy now deviates from her usual roles to play a single woman whose man is stolen by a rival.

In lavish settings of metropolitan flavor, Miss Loy appears as a newspaper artist in love with a social climber, Walter Pidgeon. Pidgeon weds an heiress, Rosalind Russell, instead, and they leave on their honeymoon. Franchot Tone, a cartoonist, secretly loves Miss Loy but will not admit it to her. They remain "pals." Miss Loy temporarily forgets her defeat until the honeymooners return, when she renews her siege.

Ian Hunter and Leo Carrillo in "52ND STREET," the first motion picture to be made about New York's famous night club section, which will play at the PALM SPRINGS THEATRE Sunday, Monday and Tuesday, February 27, 28, and March 1.

WANGER STRIKES ENTERTAINMENT BONANZA IN FILM MUSICAL IDEA

Armies of Hollywood prospectors are digging constantly in the hope of tapping rich new fields worthy of developing into entertainment mines. And many a bonanza is right underneath the searchers' feet—waiting to be discovered.

Several months ago Walter Wanger notified his production lieutenants that he wanted to include a big musical in his program of 1937-38 United Artists releases—if he could find an idea worthy of investing a fortune and throwing the resources of his whole

organization into bringing it to the screen.

After Wanger had mulled over dozens of suggestions and discarded them for one reason or another one of Wanger's production chiefs realized that there was a sure-fire topical idea bobbing around thus far untouched by Hollywood. Newspapers, magazines, radio and millions of people by word-of-mouth were heralding the far-flung fame of New York's night life center on 52nd Street between Fifth and sixth avenues.

Three months were required for the vast amount of preparation in getting "52nd Street" which is due to open Sunday at the Palm Springs Theatre.

JACKIE COOPER FILM SPLENDID ENTERTAINMENT FOR EVERYONE

From out of the sordid depths of the great city slums rises a triumphant story of youth and honor and a boy's fight to find himself. It is Monogram's splendid "Boy of the Streets," which opens Wednesday at the Palm Springs Theatre, and its star is Jackie Cooper, whose moving characterization of Chuck, the tenement tough, definitely establishes him as an adult star.

"Boy of the Streets" is a story of the children who grow up in the somber shadows of the tenements. The camera focuses on Chuck, a success

worshiper, leader of a gang of young hoodlums, catching him at the sensitive adolescent age when he is first forced to decide what is right and what is wrong. Chuck's only ambition is to be a big shot, like his father, and when he suffers youth's greatest disillusionment, the discovery that his parent is a four-flusher and a fake—he attaches himself to Blackie, a public enemy, sinister symbol of the power Chuck means one day to possess. But a greater disillusionment, the discovery that gangster methods are cowardly, teaches Chuck the meaning of words like honor, courage, and success, and he goes back home to learn discipline.

Reginald Denny, John Howard, Lionel Barrymore in "BULLDOG DRUMMOND'S REVENGE," action romance playing at the PALM SPRINGS THEATRE Friday only, March 4. The cast also includes Louise Campbell and E. E. Clive. "Bulldog Drummond's Revenge," adapted from a famous story by H. C. (Sapper) MeNeils, is the gripping tale of an international spy ring and how Drummond saves the secret of a new and ultra-powerful explosive from falling into the wrong hands.

BOLAND, TRUAX COMEDY ROLES HAND-TAILORED

If Republic Studios had written "Mama Runs Wild," which plays next Friday at the Palm Springs Theatre for Mary Boland and Ernest Truex, expressly, they could not possibly have made the story more tailor-made for these two madcap comedians.

Mary Boland, as Mrs. Calvin Summers, a flutery, lovable, headstrong

housewife is nominated for the Mayor of Paradise Park, in this hilarious comedy—and Truex, as Calvin Summers, her henpecked Casper Milquetoast husband is the opposing candidate. How he, and the men of Paradise Park, outwit and defeat Mrs. Summers, backed by the women of the community, provides situations and dialogue that will not soon be forgotten by the audiences.

On The Golf Course

(Continued From Page Four)

days the old touch will be back. Johnny Roberts of Los Angeles C.C. playing with Monty and W. Dennison turn in a neat 64. Getting back to Monty, reports are that he may make a short, with Pete Smith. In a short exhibition he impressed Pete Smith to the extent that he said he seen this boy do things with a golf ball that no one else ever thought of, let alone do them. The secret of his golf and how good he is, still remains.

Notes from the score sheets: Number 4 hole was the easiest, number 7 the hardest. . . . Number 8 had the highest scores, but more pars and birdies were made on that hole than 7. . . . Number 5 was the best liked hole. . . . The first nine holes scored higher than the second round scores. Why? . . . The second 18 hole scores were higher than the first. Pressure on the final round. Maybe?

We want to take this opportunity to mention that the event was highly praised, both from the condition of the course and the handling of such a large entry. One good suggestion came from C. P. Erdman, new president of Annandale, to make this event three days instead of two. Thos. A. O'Donnell mentioned the fact that in next year's event only 150 will be invited. A. K. Bourne, one of the best of sports in the golf game, enjoyed the event, and was one of the last to leave the course, staying until all the prizes were given to the proper winners. He fulfilled his connection as chairman to the limit. Milt Hicks should certainly be congratulated for the fine prizes he got together. One forgotten man to the golfers was John Kline, who had charge of the course and the greens. While the players were playing the 19th hole, Johnny was out with his crew of men cutting the greens by the use of lights from automobiles, placing the cups, and tee markers. The condition of the course was A-1. The first tee starting was in the hands of George Howard, Pro, and Jimmy Glendyn, and what a job it was. The scoring was handled by Ollie Painter and not one complaint was received. Larry Browell handled the caddies and not one player had to pack his own.

Congratulations to George P. McNear of Petaluma, who turned in a fine round of 42 yesterday. This 80-year-old golfer takes this opportunity to challenge any golfer of this age or over. We might add that at present there are four generations with him at Palm Springs, but he is in a class by himself when it comes to golf. He contributes his improvement in his game to the new set of Jones irons

Construction Rapid On New High School

The concrete walls, cement ceilings, and arches of the new high school east of the Field Club have been completed, and the gable roof is now being constructed. This roof will be covered with cellotex insulation over which will be laid a white tile roof, thus affording triple protection against heat or cold. Air circulation between the cement ceiling and tile roof will also tend to keep the buildings cool in summer.

Builders who have inspected the new structure declare it is one of the best-built buildings in Palm Springs, and that the construction is advancing at a very rapid rate.

presented to him on his eightieth birthday. He now plays 18 holes daily and is hitting them straighter than ever.

"MANNEQUIN" IS BIG ATTRACTION ON PLAZA SCREEN

Joan Crawford, who has romanced on the screen with Clark Gable, Robert Taylor, Robert Montgomery, Gary Cooper and other famous film heroes, adds rugged, two-listed Spencer Tracy to her long list in "Mannequin," which

co-stars them for the first time. The new film is now showing at the Plaza Theatre.

Frank Borzage directed the swift-moving story of modern young people against a background of New York's grimy tenements and multimillionaire's penthouses from the pen of Katharine Brush, author of "Young Man of Manhattan."

HILL BILLIES IN "SWING YOUR LADY" COMING TUESDAY

"Swing Your Lady," a Warner Bros. farce-comedy dealing with life among the hillbillies of the Ozarks, will have its first local showing Tuesday and Wednesday at the Plaza Theatre.

The story has to do with a champion wrestler and his entourage who get stranded in a hill hamlet. The wrestler, to get them out, has to take on a match with a local "ground-scurfler," and this battle is said to be one of the funniest things thrown on a screen this season.

Two ranking Hollywood favorites, Miriam Hopkins and Ray Milland, are brought together for starring parts in the new romantic drama, "WISE GIRL," at the PLAZA THEATRE, Thursday and Friday, March 3 and 4.

Public Library Needs Money

The Palm Springs Public Library, located in the Plaza, needs funds in order to continue to serve the public as well as it has in the past. The library fills a very important place in this community, and is especially welcomed by the winter residents who like to read. Following is a copy of a letter mailed out this week by the library board:

"To Those Who Read:

"The Palm Springs Public Library is an integral part of your community and as such must be kept abreast with the development of Palm Springs. This cannot be done without your help, for the library is dependent for support upon private contributions.

"A general appeal for funds is being made so that a library may be maintained of which you, as a resident, may be proud.

"That the library has grown through community support in the past is evident from the increase in books borrowed during the past three years—in 1935, 2,686; in 1936, 2,545; in 1937, 6,509!

"Annual expenses include rental of library, salary of librarian, maintenance of books and the purchase of a few volumes. A yearly budget of \$1,500 is required to maintain adequate library service.

"We believe you will welcome this opportunity to help us carry on. Your donation may be large or small—but please contribute something toward the support of your library.

"Make your check payable to the Palm Springs Public Library.

"Yours sincerely,

"THE BOARD OF DIRECTORS

"James C. Geggie, Pres.

"Francis Crocker, Vice-Pres.

"Kate Collins, Sec.-Treas.

"Dorothy Bear, Librarian."

SUN STROKES

(By The Desert Commentator)

"TO THOSE WHO READ"

Among the usual run of mid-month trivia in our postoffice box we found a letter directed "To Those Who Read." That all-embracing term certainly includes the entire community and the letter concerned an important community matter. It was in regard to the general appeal now being made for funds to maintain the Palm Springs Public Library for another year.

The library has been practically an orphan child as far as most of the community was concerned. For years it was kept alive largely through the efforts of several long-term villagers. Among them were Philip Boyd, Dr. J. J. Kocher, Miss Esther Pearson and the late Robert L. Edwards. The present library board has devoted much sincere work in the last few seasons. Through generous outside aid the present Plaza location was made possible.

Although the library gives free facilities to Palm Springs throughout the summer and winter, only once a year does it ask anything in return from Palm Springs.

BOY SCOUTS

Last Tuesday we dropped in for the regular meeting of the village's Boy Scout troop. After a day of the usual routine hurly-burly of winter resorting, the evening meeting left us with the sense of having rubbed elbows with something fine and inspiring. Thirty-three young men in the making lined up by patrols for the opening, which was conducted by a sandy-haired senior patrol leader. Their enthusiasm and eagerness was infectious.

Through the conscientious guidance of Scoutmaster Ralph Hall and Assistant Gerry Esgate, the troop has this year reached an all-time high in membership. To Riverside County Scout Executive Carl Helmick much credit is also due. In cooperation with the local leaders he has consistently promoted a balanced Scouting program and rendered invaluable service in establishing a sound basis for future activities.

Modern living complicates the lives of most youngsters to such a degree that an organization founded on simple and sincere principles of conduct becomes tremendously necessary. Scouting diverts boundless young energy from useless pursuits and directs it into channels of valuable and worthwhile attainment. The boys are exposed to only the finest ideals of citizenship, character and fellowship. Their Scout oath and law, if applied in later life to home and business, must result in better homes and better business practices.

There is nothing transitory about the Boy Scout program. What it teaches and what it leaves is practical and permanent.

OUR PUBLIC PARK

Some weeks ago one of the local Indians made arrangements to lease the triangle at the intersection of Indian Avenue and the Drive. There was to be a date market on it, done in blue and white canvas over wood frame. One evening about this time, an indignant Chamber of Commerce met to go over the date market bid, or at least meet it. The plan was to establish a public park on the triangle. Discussion finally ended in a deadlock. The Indian expressed a willingness to consider a bid from the Chamber; the Chamber expressed a willingness to consider a bid from the Indian. We have never yet found out who bid... or how much.

Inexplicably, the only outward development to take place was the erection of a sign advertising the sulphur baths. The blue and white date market, as might be expected, was hauled off neatly and expeditiously. But where is our public park?

Local Attorney's Father Succumbs at Vancouver To Heart Attack

The many friends of Elmer B. F. Collier, Palm Springs attorney, will be sorry to learn the sad news of the death of Mr. Collier's father, Herbert W. Collier, at Vancouver, B. C., on Jan. 30th of a heart attack.

Herbert W. Collier was a retired judge of the juvenile court at Vancouver, where he had served on the bench for 24 years. He was a 32nd degree Mason and an Odd Fellow.

He is survived by his wife, Mrs. Amelia Collier; two daughters, Mrs. Harold Brown of Vancouver and Mrs. Noel Wright of Montreal; and a son, Elmer B. F. Collier of Palm Springs.

Bowling League Score

The Nev-Cal. Electric Bowling team had a close call Tuesday evening and were lucky to take 3 points from the Smoke Tree Boys. Both teams were off form but the Power Co. Five came through in their 3rd game to win totals by 4 pins. Bill Seaton, who bowls anchor position for the Electric Co., hopes to be back in the game by next week.

The Coca Cola Maple Knockers cleared the slate with the Bankers by winning 3 games and total pins. The second game ended in a tie but was lost on a play off by the Bank team. Ludie Britsch was high for the evening with a 3 game series of 607. Safeway increased their position by winning 3 points from the El Paseo Boys.

Desert Riders Visit Old Rodeo Grounds

It didn't rain Wednesday morning, so the Desert Riders rode out to the old rodeo grounds for their breakfast. Pedro Chino, Indian 113 years old, was one of the guests. Jim Maynard related the life history of old Chino. Some Hopi Indian boys demonstrated some famous Indian dances.

The Desert Riders were prepared for the rain which didn't come, as is evidenced by the letter sent to the members:

"Hell, is a word that is still probably banned somewhere or other, but it's the only usable one we can think of just now to express our feelings about that Jupiter Pluvius guy. Two Wednesday in succession he's rained our breakfast riders away, and we're mad—fightin' mad!

"Just to put one over, we figure it might be a swell idea to plan out loud last week's arrangements for next Wednesday, February 23rd, and if it rains, snows or eclipses that morn—just lie in bed and thumb our noses out the window, then sneak out Thursday morning to the stables and ride our mounts away to the same rendezvous. Ssh! Quiet now, or he may Pluve on Thursday too."

Mr. and Mrs. E. G. Kohnstann, who have been visiting in Palm Springs for several months, left Thursday for their home in New York.

El Mirador Barn Dance Closed to Outsiders

A guard, who was placed at the door of the upstairs dance hall at Rogers Stables, turned away many people on Thursday night, who tried to crash El Mirador's weekly barn dance, which is held every Thursday for guests and their friends.

In the future a guard will be at the door and only El Mirador guests and friends will be admitted. This was necessitated because of the large number of people who came to the dance and made it impossible for the hotel guests to have room enough to dance.

Comment

(By Henri de La Chapelle)

The market currently has been enjoying a lift in prices on the basis of reflationary gestures in Washington. The gold de-sterilization plan, the Presidential comment that certain commodity prices were too low, the imminence of the rail rate increase, etc., are factors that have combined to inspire both shortcovering and buying for the rise, in both stocks and commodities. This new-born stirring of the inflation psychology, so long dormant, received somewhat of a chill however when it was learned that whatever reflationary measures were adopted there would be no further devaluation of the dollar at this time.

As to how far the market might proceed on the upside at this juncture, is of course a matter of conjecture. For all practical purposes the market has been holding to a trading range for the past 4 months and for the past 12 weeks the fluctuations of the Dow Jones Industrials have been limited to approximately 118-135 and at this writing, the eve of a holiday, this index is skirting the 130 level. Under the circumstances it may be of more than passing interest to quote from Barron's Trade as of February 21st. He says, and not without wisdom:

"It is argued by those who maintain that the President himself writes the best market letters that since he was right a year ago he is likely to prove himself right again. In rebuttal it may be pointed out that it is much easier to tear down than to build up the price structure, liquidation and stocks having always been swift and stunning as compared with the laborious processes incidental to the restoration of confidence and the revival of markets."

"Since business was led into its gravest mistake in stocking up against inflation of prices and of labor, it is not likely to repeat the error without a good deal of thought and without concrete evidence of an increase in real and legitimate demand for goods. Inflation gestures of themselves can hardly be expected to bring about large-scale accumulation of goods or stocks."

On the London Stock Exchange Industrial and Railroad shares have recently been slipping into new low ground for the bear market that started in December, 1936, or several months in advance of our own. Incidentally, the U. S. Bond market made its peak coincidentally with the top of the bull market in Great Britain. Recently our own bond market has shown a much improved tone and has been unaffected by unfavorable British developments among which can be listed the growth of unemployment, a contraction in world trade, and a continued decline in capital investment.

Technically speaking, with regard to our own stock market, it can be said in a general way that if the current advance does not develop real

volume on the upside much of its significance will be lost, with the chances of another trading top likely such as has been witnessed many times since the October, 1937 bottom. The difficult area overhead is 132-135 in the Industrials and inability to better these levels would leave the market confined to its long established trading area.

The large beautiful cake, which was decorated with symbols of various events of a young man's life, brought exclamations from the entire party. When the champagne was served, the guests drank a toast to Warren, and he took his first drink of an alcoholic beverage. HORSE SHOW

(Continued From First Page)

vision for Riverside County horses ridden by amateurs.

Scheduled to appear in this event are such fine animals as Bill Hay's "Pat," ridden by Pat Percival, lovely Rodco queen; "Deke" from the Rogers Stables, ridden by Mrs. Arthur Borden; "Lucky Pal" and "Cricket" belonging to Mrs. Dorothy McElhinney; "Gladstone," ridden and owned by Alvah Hicks; and "Dancing Lady" from the Rogers Stables, also ridden by Mrs. Borden.

Heavy competition in the polo pony class will come from Charlie Farrell's seven entries, "Flash," "Fashion," "Dimples," "Chiquita," "Honey Child," and "Dot." Mr. and Mrs. Farrell, Mrs. Borden, and young Jimmy Rogers will ride these entries.

Always a colorful event, the harness horse competition will see three smart outfits, with Mrs. H. C. Morton, owner of many entries in the show, driving "Joanna Jones," W. T. Bridges, co-owner with C. R. Irwin of several entries, driving "Golden Thistle," and Mrs. Frank G. Belcher, prominent San Diego breeder, driving "Mae West."

Among the 113 entries listed for the show are such proud equines as Cynthia Shields' "Lucky," Mrs. T. M. Meanly's "Tia Fanita," "Desert Dawn" and "California Knight," a pair of black beauties belonging to Joanne McKim, Roy Tisdall's "Spartacus," a quartet of entries owned by B. C. Tremaine: "Sky Crown," "Sky Line," "Sky Hi" and "Sky Rocket."

Mrs. John Cowan's "Mayday" is a favored contestant, and the Dudley Clarkes are expecting to score with "Red Alder" and "Fitz Maude."

Other prominent California stable-owners showing animals in the Horse Show include Mr. and Mrs. Albert Casey, Mr. and Mrs. C. F. Wyvel of Rancho Santa Fe, Mrs. Louise A. Ward, Miss Audrey Scott, Miss Mary P. White, Misses Beverly and Helen English, Misses Ellen and Virginia Crabtree, Miss Dorothy Rodgers, Miss Rosalind T. Johnson, Messrs. Dick E. Warren, Dick Eaton, Peter Lert, Herbert Doolittle, Alex Sydnor and R. D. Johnson.

Heading arrangements for the Horse Show are E. Allen Russell, Jr., of Los Angeles, noted for work in connection with other such shows and a sportsman of long standing, and Palm Springs' own Trav Rogers, who has been burning the midnight oil for some time preparing for the event. Col. Henry Roagland, president of the Field Club, has been equally busy, as have Earl Coffman, Tony Burke, Harry Hanbury, and many other local sportsmen.

The entire Horse Show committee has extended every effort to make the

Hunter Trails and Horse Show a success, and the record number of entries and the exciting list of events testify to the efficiency of their endeavors. On the committee are such notables as Col. Hoagland, Trav Rogers, Harry Hanbury, Warren Piney, "Pat" Patterson, Philip L. Boyd, Alvah Hicks, Earl Coffman, George Roberson, Charlie Farrell, Earle Strebe, Hobart Garlick, Carl Lykken, Jack Wentworth, Miss Helen Lindsay, Theodore Stein, Jr., Robert Ransom, Charles F. Bender, Sam Buckingham, and Francis Crocker.

Judge for the hunter trials and hunter, jumper and polo pony events is Roy D. Bayly. Abe Lefton, whose stentorian voice explained rodeo events to the waiting world, will preside as announcer.

Fleet of Bicycles Arrives Here

Thirty of a fleet of brand new bicycles which arrived this week were placed in front of Miller's Bicycle Shop, next to Thrifty's 5c, 10c, 25c Store, and have been placed in rental service. A photograph of the bikes appears in Miller's advertisement on another page of this issue.

Mr. Miller pointed out that it costs less now to buy a new bicycle or tricycle than it formerly cost to rent an old one, for those who expect to make use of the cycle for several months. He agrees to buy it back at half price at the end of the season. Rental on the new bicycles is 25 cents an hour, with special rates by the week or month.

Easterners at Solano Court

Recent visitors from the East at Solano Court included Messrs. and Mesdames G. C. Babcock, Jr., Summit, N. J.; R. A. Blanchard, Brookline, Mass.; D. W. Harley, Washington, D. C.; O. A. Fox and family of Fort Wayne, Indiana.

Mr. and Mrs. H. R. Goedert have been recent honeymooners at Solano Court. Mrs. Goedert is manager at the West Hollywood branch of the Bank of America.

Mr. and Mrs. Vernon Scott, Portland, Oregon, are enjoying a vacation at Solano; and from the northern part of the state, Messrs. and Mesdames G. B. Blanckenburg of Berkeley; A. C. Crandall and O. A. Wideman of Palo Alto; Fred Fischer with his daughters, Miss Helen Fischer and Mrs. L. H. Enemark of Alameda, who are on their way home from a trip into Mexico.

15 Limousines Filled With Desert Inn Guests From East Hold Picnic

Desert Inn guests enjoyed the largest desert picnic of the season last Thursday when 15 limousines filled with prominent Easterners motored to Carrizo Camp ramada on the Palm-to-Pines highway to enjoy another open-fire steak barbecue luncheon and listen to Johnnie, Whiteflower and Dusty play and sing their favorite cowboy and Mexican songs.

Several cars continued on up the highway after lunch to get a glimpse of the snow and the deep shades of

coloring on the mountains in the late afternoon. The picnickers were: Mrs. Louis Mendelssohn, Mrs. R. P. Joy, and Mr. and Mrs. H. R. Spitzley, Mr. and Mrs. J. Bell Moran and son Jack, and Miss Sara Burnham, all of Grosse Pointe, Mich.; Dr. and Mrs. Frederick Morris, Mrs. H. L. Mitchell, Mr. and Mrs. Geo. L. Collard, Mr. and Mrs. B. F. Fairless, of Pittsburgh; Mr. and Mrs. Edgar Flint, Mr. and Mrs. Howard Flint, of Detroit; Mrs. A. K. Black, Mrs. F. R. Dravo, and Mr. A. C. Robinson of Sewickley; Mr. and Mrs. Russell E. Dill, Bronxville, N. Y.; Mrs. Alice Ayrault, Medina, N. Y.; Mr. and Mrs. John Sweeney, Cleveland, Ohio; Mr. and Mrs. Samuel Kennedy, Salt Lake City; Mr. and Mrs. Lloyd Rob-

bins, Piedmont; Mr. and Mrs. S. C. Hookstratten, Whittier, Calif.; Gov. and Mrs. Walter E. Clark and Mr. and Mrs. Henry T. Terrie of Charleston, Va.; Mr. and Mrs. Chas. T. Baisley of Palm Springs; Mr. Fred Wolvin and Miss Ella Nielson of Duluth, Minn.; Mrs. V. C. Bruce Wetmore and Mrs. C. F. Adams of Boston, Mass.
